Burgerstein AminoVital contains a balanced amino acid mixture supplemented with taurine, trace elements and vitamins. Available in a practical portion bag with pleasant grapefruit flavor.

- Amino acids (L-arginine, L-glutamine, L-lysine, L-ornithine, glycine) plus taurine.
- Vitamins: Vitamin B6, vitamin B12, niacin, pantothenic acid.
- Minerals and trace elements: Magnesium, Zinc, Manganese

There are moments in life when you need to share. Do you have to tackle demanding projects in your professional life or do you have important exams coming up in your training? Maybe you do sport regularly and are preparing for a competition. Now you need energy and concentration. You don't need to be tired at such times and your immune system should be working well now. Support your body with Burgerstein AminoVital.

Amino acids are vital for our body: They form the basic building blocks of all proteins, without which we could not live. Unlike the energy sources carbohydrates and fats, amino acids contain nitrogen (N) and are able to form tissues such as organs, muscles, skin and hair.

The product is suitable for vegans and vegetarians.
