Recommended intake

1 tablet / day

without

artificial flavorings, artificial conservation, artificial colorants, genetic engineering

free of

granulated sugar, sorbitol, fructose, lactose, gluten, yeast, peanut oil, soya protein/lecithin, gelatine

The all-rounder among the trace elements.

Burgerstein ZinkVital contains 15 mg of zinc per tablet in the form of organic zinc bisglycinate and is therefore very easy to absorb. The small round tablets make it easy to take. Zinc contributes to normal fertility and reproduction of sperm, as well as to the maintenance of skin, hair, nails, bones and eyesight. The immune system also depends on an adequate supply of zinc.

More and more people depend on the supply of zinc - especially during the cold season when the immune system needs support. But zinc is not only important then. This versatile trace element is a true all-rounder. It is involved in over 300 metabolic processes and helps to protect the cells from oxidative stress.

The product is suitable for vegans and vegetarians.

ZinkVital 15mg supports...

- ... a normally healthy, active and adaptable immune system
- ... all persons for daily nutritional supplementation
- ... skin, hair and nails
- ... men
- ... athletes
- ... the increased requirement during pregnancy and breastfeeding
- ... as a dietary supplement in vegetarian and vegan diets
- ... the normal function of the acid-base balance
- ... normal wound healing
- ... diabetics

Among other things, zinc plays an important role in cell growth, supports regeneration and strengthens the immune system. In this respect, athletes in particular should pay attention to a sufficient supply of zinc.

Nutritional values	Per daily portion (1 tablet)	NRV*
Zinc	15,00 mg	150%

*NRV = reference amount for daily intake according to the EU Food Information Regulation (LMIV)

Ingredients: Fillers (microcrystalline cellulose), zinc bisglycinate, starch, anti-caking agent (magnesium salts of fatty acids), glazing agents (hydroxy propyl methyl cellulose, hydroxy propyl cellulose, glycerine, talc).

Additional information: Food supplements are not a substitute for a balanced nutrition. A balanced nutrition and a healthy lifestyle are important. Do not exceed the recommended daily dose. Store out of the reach of small children and at room temperature - please follow the corresponding package instructions. | RRP: Recommended Retail Price.
