The all-rounder among the trace elements.

Burgerstein ZinkVital contains 30 mg of zinc per tablet. The small round tablets make it easy to take. Zinc contributes to normal fertility and reproduction of sperm, as well as to the maintenance of skin, hair, nails, bones and eyesight. The immune system also depends on an adequate supply of zinc.

More and more people depend on the supply of zinc - especially during the cold season when the immune system needs support. But zinc is not only important then. This versatile trace element is a true all-rounder. It is involved in over 300 metabolic processes and helps to protect the cells from oxidative stress.

The product is suitable for vegetarians.

ZinkVital 30mg supports...

- ... a normally healthy, active and adaptable immune system.
- ... all individuals for daily nutritional supplementation
- ... skin, hair and nails
- ... men
- ... athletes
- ... the increased requirement during pregnancy and breastfeeding
- ... as a dietary supplement in vegetarian and vegan diets
- ... the normal function of the acid-base balance
- ... normal wound healing
- ... diabetics

Nutritional values	Per daily portion (1/2 tablet)	NRV*
Zinc	15,00 mg	150%

*NRV = reference amount for daily intake according to the EU Food Information Regulation (LMIV)

Ingredients: Filler (cellulose), zinc gluconate, stabiliser (polyvinyl pyrrolidone), separating agent (talc, magnesium salts of fatty acids), glazing agent (shellac).
